Jean & Daniella
I've sent the NDA to the CEO of ColumbusNova. I expect response within a week.
Friday afternoon I've met Paolo Scaroni CEO of ENI in his Rome office. I've told him about the DHSG. We agreed I will send him a DNA which will be signed by a senior official of ENI then he will send a technical person from Boston to visit Connecticut. If their impression will be positive ENI will send a full Technical team to study the possibility of investment.
Pl provide me with a NDA on ENI behalf.
When/if Daniel Friedmann follows on with Brian please let me Know. Same re Loker.
Best
Ehud & Nili
